| Ownership | Private |
| Note | MSCE10 Listed cost is hard construction estimate only - Full project investment is reportedly \$12,400,000 |
| Feature | Expansion of the current manufacturing facility by over 30,000 square feet bringing the total operating space to 47,000 square feet. The increased space will allow for additional capacity to chrome plate rolls and for the installation of a high-precision grinder and polisher. This additional equipment will help the company directly service the rapidly expanding electric vehicle battery industry. The investment will create 20 full-time jobs, bringing their total Kentucky employment number to 50. |
